COMMITTEE MEETING	18th	July,	1994	(Monday)
CLUB RUN DAY (from 10.00 am)	31st	July,	1994	(Sunday)

CITY OF STIRLING, 27th March, 1994. Clarkson Reserve, MAYLANDS.

Our Club had several invitations to run on this particular day, however, we accepted the offer of the City of Stirling Staff Party. Many hands needed for "setting up" etc. Please contact any Committee person in order to offer your assistance.

EARLY NOTICE - TELETHON. Burswood. This year it will be conducted over 8 days. Extra people needed for this extended period.

THANK YOU: To all those members who assisted to make Hobby Spectacular successful. A special vote of thanks goes to Lindsay Adams who provided two locomotives for the entire weekends running. "Waratah" ran beautifully on Gas. His Diesel/Electric locomotive won much admiration. Thank You, Lindsay. **MANY THANKS** to all who contributed to our Impressive Display.

<p>Apart from the 1994 STEAM CONVENTION, there is another event that may be of interest namely "STEAMFEST" at Maitland. N.S.W. to be held over the weekend of 16/17th April. For more details please contact Gwendolene/Geoffrey Evelyn ☎ 305.1230. To our travelling members, have a safe trip & good steaming.</p>
--

At the March A.G.M. we had 2 special guests, namely Malcolm Thompson & Mrs Doris Goddard. Our President invited them along to formally hand over to our Club two locomotives. Malcolm Thompson donated his 51 XX 5" gauge locomotive and Mrs. Goddard donated the late Peter Goddard's battery operated locomotive (both incomplete at this stage). The Club in appreciation offered them both Membership for Life of our Club and sincere thanks and much gratitude expressed by all.

MODEL ENGINEERING TOPICS

AT THE FEBRUARY & MARCH MEETINGS A NUMBER OF ENGINEERING WORKS WERE PRESENTED.

- ◆ John TUFFEN brought along the frame for "Juliet" a 3½" gauge engine.
- ◆ Peter WARNER shared with us his Bunker Tank and a Brake Standard.
- ◆ Alan FORD made a Flywheel as used in Chaff Cutting machines.
- ◆ Doug BAKER brought along his Boiler for his Steam Truck and a Water Pre-Heater. An update from Doug indicated a successful steam test.
- ◆ KEN DINES displayed his 5" Super Simplex complete with conrods & bushing.
- ◆ MALCOLM THOMPSON indicated his 2 ft gauge Perry loco is very close to completion and will operate at Whiteman Park.

All items proved very interesting and were discussed and admired.

AN EXUBERANT ◆ Milton SMITH DISPLAYED HIS 5" SIMPLEX FRAME IN THE STEAMING BAY PRIOR TO OUR NIGHT RUN SATURDAY, 26TH FEBRUARY. AT THE MARCH MEETING MILTON INFORMED US OF HIS MODIFICATIONS AND INDICATED HIS ENGINE WILL RESEMBLE THE VICTORIAN RAILWAY K CLASS LOCO.

◆ John RUTLAND HAS COMPLETED HIS FRAME FOR 5" ELECTRIC/TRAM LOCOMOTIVE.

CONGRATULATIONS TO ALL.

On SATURDAY, 19th February the STATION COLUMNS were placed in their final position awaiting the roof. Construction has also commenced over the Steaming Bay with the installation of several columns, trusses and purlins. Thanks to all who assisted.

MESSAGE FROM OUR LIBRARIAN

During a routine check of our Library John Martin has observed that the English version of Model Engineer for the whole of 1967 is missing, and furthermore, these issues have not been booked out. As this, no doubt is an oversight of the borrower, John is requesting that they be returned immediately.

FOR SALE - EXCHANGE - WANTED - Give Away

For Sale - Vernier dial Calliper \$85.00 metric model. ☎ Lindsay Adams 447 4646

Give Away - Jim Thompson has offered to Club members a quantity of Sandpaper which is in the carriage (acquiring this is by donation).
Lindsay Adams has some off-cuts of steel at his home. Please ☎ him before arriving at his door. ☎ 447 4646.

Wanted - We Need: a MIRROR for the Ladies Cloak Room, specifically for the disabled convenience. If you have a mirror that could be suitable, please contact Geoffrey or Gwendolene Evelyn. Thanks to Lindsay Adams for providing a mirror for the "General" area.

→ Continuing - CLIVE & LINDA'S STORY BY CLIVE JARMAN. (INSTALMENT 3 NEXT ISSUE) →

CONGRATULATIONS TO KEN COLLETT WHO RECENTLY BECAME A BOILER INSPECTOR. KEN ALONG WITH DOUG BAKER ARE THE SOCIETY'S BOILER INSPECTORS. WELL DONE, KEN.

John TUFFEN has now an agency for Clerkenwell screws. He has stocks of B A bolts and will obtain those not in stock on request. Model Engineering taps and dies also available.

☎ John on 447 1680 after five. ☎

HAVE YOU NOTICED THE SEATS at the TRACK? *These have been acquired due to the ever watchful eye & of Geoffrey Evelyn and are a result of a council clean-up. They need of a few repairs and a coat of paint, but they are ours now. Well spotted, Geoffrey. At the March meeting John Tuffen, Peter Langford, Ron Date & Geoffrey & Gwendolene Evelyn agreed to restore the seats in order to bring them back to their former glory. Many Thanks.*

..... Future **STEAMLINES** ☐

Please advise Gwendolene &/or Geoffrey Evelyn ☎ 305.1230, 11 ROBINSON AVENUE, QUINNS ROCKS. 6030 if you have any information/articles/achievements etc that you would like included in future editions.

The NEXT edition of **STEAMLINES** will be June, 1994.
